REMARKS

5 Claims 1-45 were pending in the application. By this paper, Applicant has cancelled
Claims 1-45 without prejudice, and added new Claims 46-60. Hence, Claims 46-60 are
presented for examination herein.

Parent Application and New Claims

10 By this paper, Applicant has included herewith amendments to the specification
referencing Applicants claim of priority to U.S. Patent Application Serial No. 09/583,064 filed
May 30, 2000 of the same title, as well as the soon-to-issue patent relating thereto.

15 Applicant notes that Claims 46-60 presented herein correspond generally to the subject
matter of the Group II invention directed to system and methods for distributing an application
over a cable network (see Par. 1., page 2, of the Office Action/Notice of Allowability dated
August 21, 2003 in that parent application).

Other Remarks

20 Applicant notes that any additions or cancellations made herein are made solely for the
purposes of more clearly and particularly describing and claiming the invention, and not for
purposes of overcoming art or for patentability. The Examiner should infer no (i) adoption of a
position with respect to patentability, (ii) change in the Applicant's position with respect to any
claim or subject matter of the invention, or (iii) acquiescence in any way to any position taken by
the Examiner, based on such cancellations or additions.
